January 13th-SNOW DAY!!!!

Some Things to Know

Please remember to send heavy, thick, winter coats, hats and mittens with your child. Our recesses last about 25 minutes and if it is not raining, we try to go outside and run. This is a long time for children who only have a sweatshirt with them. Thank you.

If your child needed to borrow clothes from our preschool, please wash them and return them. They would have an "ECC" written on them. We are missing several pair of kaki pants and a few sweatshirts, socks and underwear. Thank you.

Snow Day

Friday, January 13th

Snow Day is an important day in our preschool. Since we do not travel for field trips, we try to bring exciting, fun filled days to our preschool. We have purchased a snow machine that will create snow for the children to play in outside and help them feel what it is like to be snowed on. The classroom will be transformed into a winter wonderland, complete with white walls, garland and icicles hanging from the ceiling and pillow-fill on the ground. We will have a lodge area with a fake fireplace and serve chocolate milk. There will be winter themed centers and winter stories to hear. Our circle rug will be transformed into a skating rink with plastic table cloths and stocking feet. We have a snow machine to mimic the winter weather.

There will be sign-up sheet on the counter for the supplies we would like to create our wonderland when we return to school in January.

Please dress for winter weather.

Parent Helpers

We are looking for parents to help in the classroom that day. This is an incredibly fun day and we would love to have you with us. Even parents and teachers have fun participating in the snowball fight!!!!

SHHH!! This is a secret for the children! If you have any questions, please ask Mrs. Puccinelli.
